Drop – In.
During this time students may use any material available in the lab. There is tutoring available for Spanish to help with homework and assignments. You may also work on Span 131, 132 & 133 during this time also.

Span 131 & 132.
- Spanish 131, 132 and Span 133 are self-paced lab modules that allow you to earn half unit or a unit of credit.
- No pre-requisite needed and no need to be enrolled in any other Spanish course.
- Learn Spanish at your own pace. With instructor’s supervision, you work independently in any level and focus in any area. (Vocabulary, grammar, conversation, writing, etc.)
- If you are currently taking or have taken a Spanish course, this class will reinforce what you have learned in class.
- All required material is provided. Practice your language skills with the Rosetta Stone software and with the Aventuras Supersite.
- Participate in conversation groups led by an instructor.
• The material used goes hand in hand with the material used in Spanish 401, 402 and 411 classes.
• If you are using Aventuras in another Spanish class, you are familiar with the software. If you have never worked with this software, no problem, the staff will show you how to use it.
• There is always an instructor available to help you with pronunciation, spelling, grammar or any questions you may have.
• Span 131, 132 and Span 133 are Pass/ No pass. Which means that by completing the time and number of activities requirement, you will receive credit, not a letter grade.
• No homework.
• If you enroll for .5 unit you have a 27 hours of work requirement and must complete 83 activities. If you enroll for 1 unit, you have 54 hours of work and must complete 166 activities. All work needs to be done at the lab.
• Very flexible attendance. You may enroll in any Spanish 131, 132 or Spanish 133 section that does not conflict with the rest of your class schedule and you may work on the course material during any time and day when Span 131,132 & Span 133 are offered.
• During each visit, you may work for as much time as you’d like until you meet your time and number of activities requirement by the end of the semester.
• Conversation and writing groups are offered for 3 different levels during Spanish 131, 132 & 133. You may participate in any group level to improve your oral skills. You don’t need to be enrolled in any Spanish class to participate in the conversation groups. Just show up at the lab when they are offered.
• These modules take place at The Foreign Language Lab located in the Learning Resource Center Room #125.
