The Los Rios Community College District does not discriminate on the basis of race or ethnicity, nationality, religion, gender, sex, age, color, sexual orientation, marital status, or physical or mental disability.
It is a pre-apprenticeship program at American River College that earns you college credit while you explore up to thirteen (13) different transportation infrastructure apprenticeships.* We offer two pre-apprenticeship courses to get you started on your career path. Take one or both!

- Pre-apprenticeship Training
- Green Pre-apprenticeship Training

Each course is 8 weeks and includes hands-on learning, job site visits, and employment skill development.

What is Apprenticeship?

It is formal training that combines paid employment, on-the-job training taught by experts in the field, and job-related college-level instruction. Many apprenticeship programs require STRIPE course training as a pre-requisite.

For more information call 916-286-7922

* See list 13 different apprenticeships on first inside flap of brochure.

How Does the STRIPE Pre-Apprenticeship Program Work?

It’s easy!

- Enroll in an 8-week pre-apprenticeship course that earns you college credits.
- NEW! Green Technology pre-apprenticeship 8-week course available.
- Then decide what pathway you want to take based on your pre-apprenticeship experience.
- Apply for apprenticeship program of your choice and when selected, begin to earn over $15 per hour at the same time you are earning college credit.
- As you gain more experience, your wage continues to increase. You will also earn medical benefits.
- In 2-5 years, graduate with a certificate as a journeyperson in your trade.
- Apply these credits towards your AA degree.
