CAREER PLANNING/EXPLORATION

California Career Zone  www.cacareerzone.org
• California Career Zone is a new way to explore exciting jobs and occupations that the Golden State has to offer and to learn about what career paths interest you.

California Labor Market Information  www.labormarketinfo.edd.ca.gov/
• For job seekers looking for work or seeking a career change.

California Occupational Guides  www.labormarketinfo.edd.ca.gov/occguides/
• Summarized and detailed guides on benefits, licensing, education, training, links to possible employers, how to find a job, related occupations, and links to additional resources.

Career Builder  www.careerbuilder.com
• The largest job search, employment, and career site. Where students meet success.

• California Community Colleges Virtual Career Center. Open 24/7

Career GPS  www.careergps.com
• Provides individuals and organizations with one central location to find current, detailed information about which jobs are in high demand in the Sacramento Region, how much they pay, what type of education or training is recommended, and where you can go to get it.

Career Link  www.jobs.com
• Career advice, interview questions, salary comparisons, and resume tips from Monster.com

Career One Stop  www.careeronestop.org/
• Your pathway to career success. Tools to help job seekers, students, businesses, and career professionals. Sponsored by the U.S. Department of Labor.

Career Magazine  www.careermag.com
• A community providing resources to advance your career. In addition to posting the latest jobs from coast to coast, we offer a variety of career resources to foster professional growth.

Career Web  www.employmentguide.com
• EmploymentGuide.com® provides job seekers listings of work at home business opportunities. The Work at Home Center allows job seekers to search for jobs that enable them to work from home.
EUREKA  
• Very comprehensive. In addition to three career assessment tools, we include five career/occupations databases, four educationally related databases and two complementary databases. (Contact the ARC Career Center for the site ID code)

Job Star Sacramento  
• Looking for a job? Find job openings & resources for California and beyond. PLUS: "How To" Information: Resumes, Career & Salary Info, Hidden Jobs.

Occupational Outlook Handbook  
• For hundreds of different types of jobs—the Occupational Outlook Handbook tells you: the training and education needed, earnings, expected job prospects, what workers do on the job, and working conditions.

O*Net  
• The O*NET program is the nation’s primary source of occupational information. Central to the project is the O*NET database, containing information on hundreds of standardized and occupation-specific descriptors. The database also provides the basis for our Career Exploration Tools, a set of valuable assessment instruments for workers and students looking to find or change careers.

Public Safety  
• A centralized web resource for anyone who is looking for answers about not only the criminal justice field, but also about the academic programs that may be located in your own county or city that can help you with the academic preparation for either the hiring process or academy preparation.

The Riley Guide  
• Providing free career and employment information.

True Careers  
• Search Jobs; Post Resume; Industry News; Career Resources
