Remember to check your Los Rios Gmail often!

All application and selection notifications will be sent through the Los Rios Gmail system only.

Students that fail to respond to acceptance will have to reapply – regardless of email issues!

Los Rios Gmail gives the option to forward your messages to your personal email, HOWEVER this does not always work!

Many students have reported that they did not receive notifications in their personal email that were sent to their Los Rios Gmail. The ARC Nursing Department does not make exceptions in these cases! It is the student’s responsibility to check their Los Rios Gmail often to avoid missing notifications.
